What's New

Light and Dark Modes

There is now an option to toggle between light and dark modes. Have a device that supports light and dark modes? iMAPS will automatically display in whatever mode your device is set at.

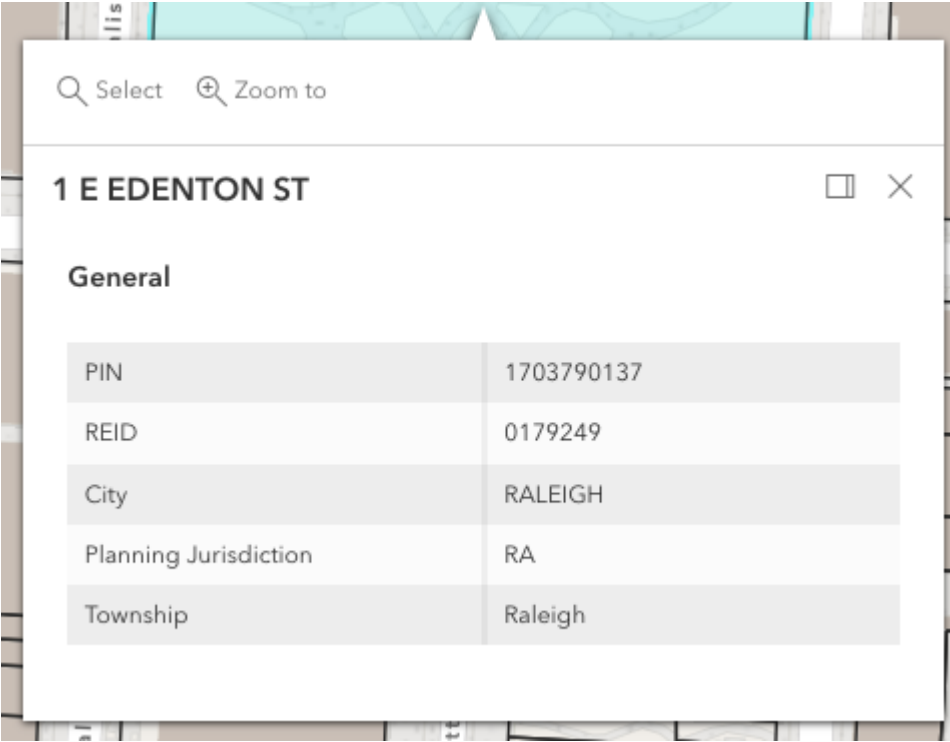

Long Press to Select a Property

We have added a quick way for you to easily select a property from the map without needing open the property select tool. Simply hold your mouse or long press your finger on a property on the map to select.

Improved Popups

Popups can also be docked to the side of the map so it will not obscure the view of the feature you are viewing by clicking the dock button in the upper right corner

If you are display a popup for a property and want to selected it to display in the right panel, click the Select button in the upper left corner.

Streamlined Property Information

All property information is now available in a single view, you no longer need to switch tabs to view the data

Deeds

Total Structures	
Total Units	

A photograph of a large, modern building with a curved facade and many windows. The building is surrounded by trees and a street. The photo is framed by a black border with the number 0101804 at the bottom.

you need.

New Basemaps

We are taking advantage of vector tiles basemaps which will provide the users a much crisper looking base map. Also this will allow us to easier create a variety of styled maps, such as the dark and light basemaps.

Basemap
Primary iMAPS street base map with detailed features in the Raleigh area.

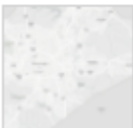

Basic
Simple base map with streets and water features.

Classic

Dark Basemap

Light Basemap

Also available are all of Esri's basemaps. * Note that we do the maintain the data for these maps.

Separate Legend Widget

You can now view the legend for the layers you are currently displaying on the map in a simple list.

Property

Property

Planning and Development

Zoning

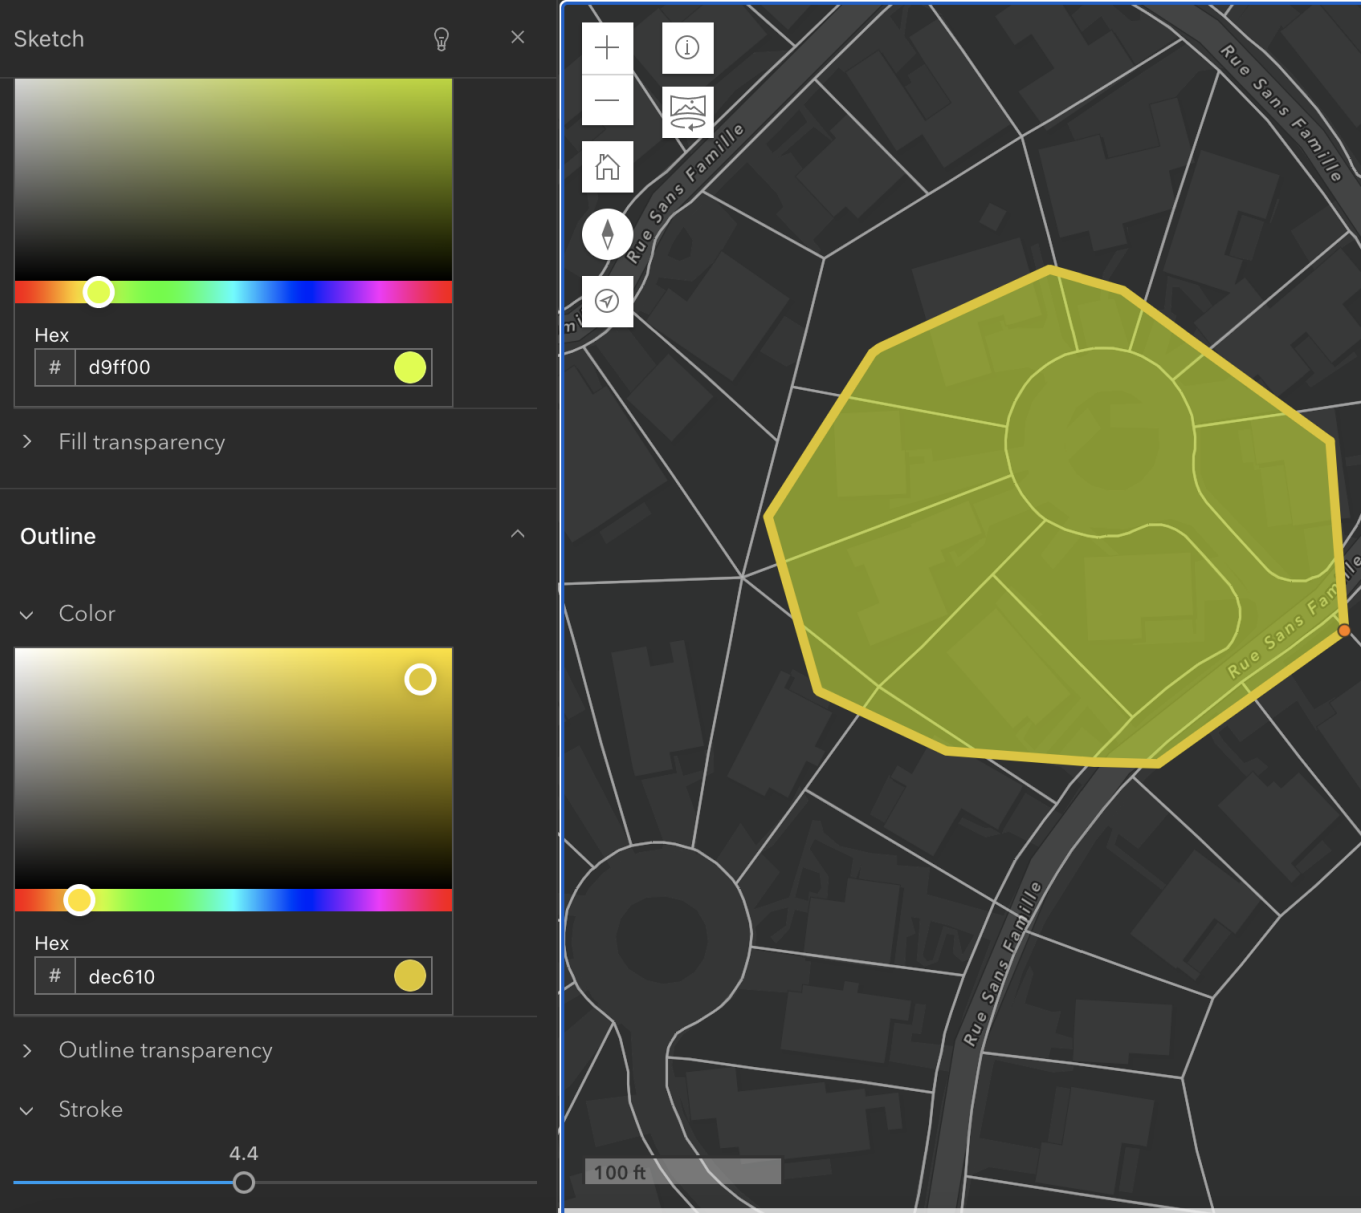

Raleigh Zoning

Zoning Type

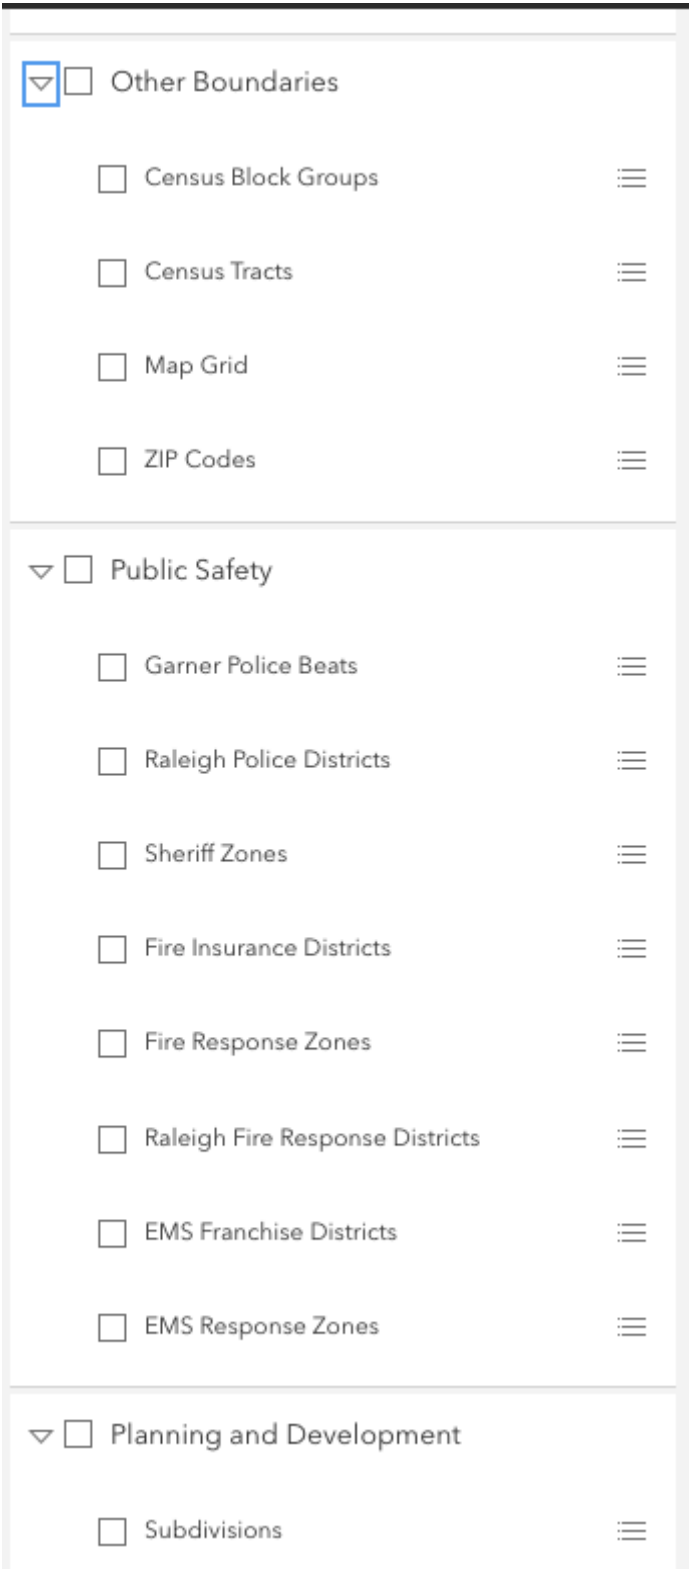

-  Residential-1 (R-1)
-  Residential-2 (R-2)
-  Residential-4 (R-4)
-  Residential-6 (R-6)
-  Residential-10 (R-10)
-  Residential Mixed Use (RX-)
